CALL POTTER TARIFF SESSION

COUNCIL VOTES THREE PENSION FUND LEVIES

Health Board Employees, Police, Firemen Benefit.

BUDGET ADOPTED

East Fourth Street Improvement Job Authorized.

Levies for the police, firemen and health board pension funds were authorized last night at a special meeting of council in the municipal court room when the annual budget calling for \$272,000 was adopted.

Funds of \$1,500 each are provided for the police and firemen's pension systems, while \$300 was set aside for employees of the sanitary department. Establishment of funds for police and firemen was made mandatory under an act passed at the last session of the legislature, but until the meeting last night nothing had been said about a health board pension plan.

The levies will not be fixed until a report is received from the county auditor as to the amount of funds to be received by the city for operating expenses.

Resolution was also passed declaring it necessary to improve East Fourth street from Market to Union streets.

Acting upon a report of the claims committee the West Ninth street assessment was reduced from \$2.87 to \$1.87 a foot.

Japan's New Plan
Hoover Would Save.

By ARTHUR BRISBANE.
(Copyright, 1929, by King Features Syndicate, Inc.)

RUSSIAN and Chinese officials are conferring, and that "war" is probably off.

President Hoover, with Calvin Coolidge sitting beside him, officially proclaimed the Kellogg peace pact in full force. Four South American nations, Switzerland and powerful Japan, adhering to the pact, just in time.

THAT this pact could have prevented war between China and Russia, without violent outside interference, is not clear.

At least it gives nations that happen not to want war, an excuse for rebuking the quarrelsome. That should help.

BRITAIN'S Labor government emphasizes the statement that "preparations for war with the United States have never been and never will be a basis of our policy in any case."

This country certainly doesn't want war with Britain, never intends to have it, or with anybody else, if it can be avoided.

PICKING flaws is unpleasant. But the British do maintain in the West Indies warlike preparations than can be aimed only at the United States.

We have no such arrangements on the long border separating us from Canada. And Canada has none.

J. CROMIE, able owner of the Vancouver Sun, attaches importance to the downfall of the recent government of Japan. The new government will seek to develop trade with China by good will, not at the point of the bayonet.

Mr. Cromie warns Americans and Canadians that they must work to hold and increase trade with China against Japan, possessing the advantage of geographical proximity, racial likeness, political affiliation.

THE first step would be to cut the cost of communication between this continent and Asia. "A 25-word night letter from London to New York or Montreal costs 4 cents a word. The same message from the Pacific coast to Japan or China costs 16 cents to a dollar a word. India can cable Germany or England for 6 cents a word. A message from the United States or Canada to India costs 60 cents a word."

Mr. Cromie says that to do business with each other, men must talk to each other, easily. He predicts "the growth and swing of Asia's trade away from Europe across the Pacific to America."

President Hoover plans a commission to prevent unnecessary Army expenditure.

Past wars, and preparation for future wars, cost this country about two billion dollars a year. That is not as bad as spending fifty billions (Continued on page 5, Column 3)

ACTRESS OF FILM AND STAGE WEDS

"I hope it takes!" That's what Anita Stewart said when she and George Converse, New York banker, obtained a license for the wedding which took place in Hollywood. If the couple remain as happy as they look here, the marriage certainly should take.

Roy Rinehart Injured In 150-Foot Auto Dive

Motor Car Plunges Over Embankment to Railroad Tracks at Beaver, Pa.

Roy Rinehart, 56, member of the Rinehart Brothers contractors, is recovering at his home, 261 Seventh street, today, from a sprained back and bruises and lacerations about the body sustained yesterday, when a coupe he was driving plunged over a 150-foot embankment at the foot of Navigation street, Beaver, Pa.

The motor car, which turned over several times, was demolished when it landed upright on the Cleveland and Pittsburgh railroad tracks. Rinehart, who is in charge of a grading contract in Beaver, was inquiring about material when the accident occurred. As he backed his car, the brakes failed to hold and the machine plunged down the declivity.

Rinehart climbed from the wreckage unassisted, but collapsed immediately afterwards. Members of a railroad section gang placed him on a handcar and took him to the passenger station. After treatment at the Rochester General hospital he was removed to his home here.

60 TOTS COMPETE AT PLAYGROUND

Sixty boys and girls took part in the track meet at the municipal playground, Second and Washington streets, at 2 o'clock this afternoon. Included in the events were sand building contests and a horseshoe pitching tournament.

J. A. Monahan, director, announced that the recreation center would close for the summer on Saturday, August 10.

Arrangements are now being made for a picnic.

Man Is Killed When Storm Sweeps Eastern Ohio Zone

Jefferson County Coal Company Power House Wrecked.

STEUBENVILLE, O., July 26. (INS)—Reports of heavy damage from a storm which struck eastern Ohio and the tri-state district last night could not be verified today because of lack of communication. Power lines in points in Jefferson and Harrison counties and telephone lines had been knocked down.

Only one death had been reported. William Collier, 35, was killed when the wind blew down the power house, a tall, spindly structure, of the Jefferson Coal company, in Jefferson county.

COURT WARNS 'TAGGED' DRIVERS

Tags placed by police on automobiles where parking violations have been committed, mean just exactly what they indicate.

This, in substance, was the message handed down today by Municipal Judge J. C. Hanley, to motorists who have been tagged, as he warned that their failure to appear in court by Monday will mean arrest and fine.

Majority of the automobiles tagged this week in the police campaign against violations, have been parked improperly within the orange lines in Washington street.

11 SAILORS DIE IN GUN BLAST

Six Others Injured in British Cruiser Explosion.

LONDON, July 26.—(INS)—Many sailors were killed and wounded by a gun explosion on board the new 10,000 ton British cruiser Devonshire during target practice in the eastern part of the Mediterranean sea, it was officially announced this afternoon.

The admiralty characterized the disaster as a "serious gun accident." It was believed that 11 men were killed and six were injured.

The Devonshire, which carries 8-inch guns, was completed and put in commission this year.

Her guns were being tested in practice firing in the Mediterranean when the accident occurred.

AUTOIST JUMPS AS FAST TRAIN WRECKS HIS CAR

A. E. Harris Narrowly Escapes Death at Salem.

CROSSING CRASH

Motor Agency Owner In Van of String of Machines.

Caught on the Fort Wayne railroad tracks in the path of an oncoming passenger train and with insufficient time to clear the rails, A. E. Harris, manager of the Harris-Buick automobile agency, West Fifth street, was forced to jump from his car yesterday afternoon at a crossing three miles northwest of Salem on Route 14, the new East Liverpool-Cleveland highway.

The locomotive struck the front of the automobile and knocked it clear of the tracks.

Harris was in the van of a string of automobiles which he was bringing from Cleveland to East Liverpool.

At this crossing, the cement has not been poured on either side of the rails in anticipation of an overhead road.

Fortunately, Harris was driving slowly. At the same time his view was obstructed by a bank at the curve there and by a string of box cars.

As the nose of his machine poked its way onto the rails past the box car, Harris saw the locomotive bearing down on him. Realizing immediately that it would probably be impossible to clear the tracks, so close was the engine, he flung open the door and jumped. A few seconds later the engine hit the automobile.

The front of the car was damaged.

VICTOR BERGER IS UNCONSCIOUS

MILWAUKEE, July 26.—(INS)—Victor L. Berger, prominent Socialist leader and newspaper publisher, was in a critical condition here today following a relapse from injuries sustained 10 days ago when struck by a surface car.

The eminent Socialist spent a restless night, physicians stated, and was unconscious early today.

Berger sustained a skull fracture and internal injuries. Physicians said today they were unable to diagnose the exact reason for the patient's sinking spell.

EXONERATE GIRL WHO SLEW FATHER

RED BANK, N. J., July 26.—(INS)—Little Catherine Crawford, 13, was justified in shooting to death her father, George H. Crawford, in their Keyport home last Friday, the grand jury decided today. She was formally released from custody.

In announcing the facts today, Prosecutor John J. Quinn declared that the jury's action was based on the New Jersey law which permits a female to kill in defense of her person.

U. S. GIRL DOWNS MOLLA MALLORY

MANCHESTER BY THE SEA, Mass., July 26.—(INS)—In a smashing upset, Mrs. Molla Bjurstedt Mallory, of New York, seven times winner of the women's national singles tennis championship today was eliminated in the semi-final round of the singles in the women's invitation lawn tennis tournament at the Essex country club here.

Mrs. Mallory was defeated in straight sets by Miss Edith Cross, of San Francisco, 6-3, 6-4.

KOFFEL FACES TRIP TO LISBON

Jay Koffel, Church alley, who was assessed \$200, and costs yesterday by Municipal Judge J. C. Hanley when he pleaded guilty to a charge of illegal possession of intoxicating liquors, will be remanded to the county jail at Lisbon tomorrow unless the fine is paid.

Police said that, contrary to the report yesterday, no still or whisky was found. Bottled beer was confiscated.

BRIDGE FIGHT IN CITY COURT

Case of Paullexaine H. Nasse, who is seeking an order to restrain the county commissioners from proceeding with the Lincoln highway bridge spanning Beaver creek, south of Lisbon, is being heard today in the municipal court here by Common Pleas Judge W. F. Lones.

CONDEMNED LAD GRANTED STAY

CLEVELAND, July 26.—(INS)—The court of appeals here today granted an indefinite stay of execution to Lee Akers, 17, sentenced to death in the electric chair on August 6th on a charge of murder.

Death Threat Mailed Defense Attorney in Dr. Snook Murder Case

Judge John F. Seidel Makes Assertion in Court as He Examines Juror.

12 PERSONS TAKE PLACES IN BOX

Many Challenges Remain Unused in Trial—While Thirteenth Venireman Will be Named.

By JAMES L. KILGALLEN.
International News Service Staff Correspondent.

COURTROOM, COLUMBUS, O., July 26.—A threat was sent to him through the mail, Judge John F. Seidel, one of the attorneys defending Dr. James H. Snook, college professor, for the murder of Theora Hix, a co-ed, asserted in court today while examining a prospective juror.

Seidel was interrogating J. B. Collier, a retired druggist. He asked him: "Have you received any telephone calls or threatening letters since you were subpoenaed for jury duty?"

The juror said "no," and then Seidel declared:

"Well, I have. I received a threat in the mail last night."

He started to say more but Judge Henry L. Scarlett stopped him.

"Proceed with the examination," the judge ordered.

This was done.

Lawyers in Bitter Debate.

The lawyers on both sides engaged in a bitter debate while Collier was undergoing examination. Seidel asked him whether, in considering the question of Snook's sanity, he would accept the testimony of law or medical witnesses on the question.

"That's not a fair question," interjected Prosecutor John J. Chester, Jr. M. O. Ricketts of defense counsel leaped to his feet and shouted:

"It is!"

Heated argument followed. The judge finally calmed them.

Anonymous Postcard.

Finally Collier was accepted as a juror and took his place in seat No. 2.

That filled the jury box once more, but the defense promptly exercised another peremptory challenge, excluding Louis C. Davis, a painter, who was occupying seat No. 9.

Questioning of talesmen was then resumed.

Asked by International News Service who had sent the threat to him, Seidel said:

"It was an anonymous postcard warning me I was doomed. No, I am not turning it over to the authorities. I think the writer was a nut."

After a half hour of questioning, Clyde Moody, a farmer, was accepted as a juror and took seat No. 6.

The defense then peremptorily challenged juror No. 6, Mrs. Anna Allman, housewife, and she left the jury box. Examination of talesmen proceeded.

Forty-Six Talesmen Examined.

P. E. Houltle, the forty-sixth talesman examined, was quickly excused because he "certainly was" opposed to capital punishment.

Reluctantly the attorneys quizzed the prospective jurors. Every conceivable question was flung at them. The examination of one juror was much like another.

After he was questioned at length, Paul C. Packard, a former university student, was excused because he had made up his mind regarding the guilt or innocence of Snook.

Lawson Bing, an insurance salesman was accepted as a juror just as court adjourned until one thirty this afternoon. Bing took seat No. 6, making 12 seated in the jury box.

Both sides still had peremptory challenges to exercise at the afternoon session. Also, a thirteenth juror, was to be selected.

Monroe Bradley, Kentuckian, Is Named Pilot At Airport

Former Columbus Flier Succeeds Roger Eells, Lisbon.

Monroe Bradley, Louisville, Ky., licensed transport pilot, was today named instructor of the Chamber of Commerce Aviation school at the airport in Madison township. He succeeds Roger Eells, Lisbon, who resigned.

Bradley, who learned to fly with "Jay" Lee, mail pilot on the Louisville-Columbus run, has been a pilot at Columbus airport. Five students are now completing the ground course in aviation.

ST. LOUIS ROBIN UP 317 HOURS AS TEXANS SPUR

O'Brine and Jackson Hear Rivals Pass 211th Round.

EYES ON HOUSTON

Endurance Airmen Stage Second Gehrig-Ruth Battle.

LAMBERT FIELD, St. Louis, July 26.—(INS)—Close to the finish of their second week in the air the pilots of the "St. Louis Robin" reported "everything fine" as the plane passed its 317th hour of continuous flying at 12:17 p. m. today.

By ROBERT A. HEREFORD
International News Service Staff Correspondent.

LAMBERT FIELD, ST. LOUIS, July 26.—The spur of a rival's achievement today was thought to be partly responsible for the amazing feat of the St. Louis Robin which at 8:17 this morning had been in constant companionship with the clouds for 313 hours and had begun its fourteenth day in the air.

Just as the threat of Lou Gehrig's challenge pushed Babe Ruth on to a world record in the world of sports, the reminder that the "Billion Dollar City," the Houston endurance plane, was still aloft, today was thought to be instilling new determination in the doughty Forrest O'Brine and Dale "Red" Jackson, the Robin crew.

Notes Exchanged.

Jackson has messaged their determination "not to come down while the Houston plane is in the air." Yesterday the friendly rivalry culminated in an exchange of notes, Glenn Loomis and Joe Glass of the "Billion Dollar City" writing "Good luck but use discretion, we have only one mag left," and the local pilots answered "Stay with her boys; that one mag may do it."

With that 300-hour goal, a mark which until the Robin's amazing performance had been thought to be a fairly tale dream, now attained and passed, 500 hours is the new goal.

Jackson and O'Brine have both expressed their confidence that they (Continued on page 3, column 2)

PLANT OWNERS GO TO CANTON NEXT TUESDAY

Two-day Meeting Congress Lake Country Club.

GOLF PROGRAM

Mid-summer Call Issued by U. S. Association.

Call was issued today for a mid-summer session of the general membership of the United States Potters' association, to be held at Congress Lake Country club, Canton, next Tuesday and Wednesday, when the proposed Hawley-Smoot tariff bill, now pending at Washington, will be discussed.

Malcolm W. Thompson, of East Liverpool, chairman of the general ware manufacturers in North America, will preside. Charles F. Goodwin, also of East Liverpool, is secretary.

The first session of the two-day meeting is scheduled for 2 p. m. A golf program will be arranged.

The pottery owners, supported by the National Brotherhood of Operative Potters, recently appealed to the ways and means committee of congress for greater protection against the inroads being made on the domestic market by European manufacturers.

REV. J. H. SMITH PLANS MISSION WORK IN INDIA

Former Anderson
Church Pastor Visits
At Shay Home.

ENTERS COLLEGE

Mrs. Smith, Nee Sylvia
Shay, Also
Enrolls.

Accompanied by his wife, nee Miss Sylvia Shay, of the Northside, the Rev. J. H. Smith, of Ridgebury, N. Y., former pastor of the Anderson Methodist Episcopal church, of West Ninth street, arrived here yesterday afternoon for a week's visit with friends and relatives. They are guests at the home of Mrs. Smith's mother, Mrs. Irene P. Shay, of Riverview street.

Traveling by automobile, they left their home about a week ago when they were called to Louisville, Ky., to

attend the funeral of D. R. Carleton with whom they had been associated during the Rev. Mr. Smith's pastorate of a community church.

The Rev. Mr. Smith, in addition to his pastoral work, is taking a post-graduate course in the Drew Theological seminary at Madison, N. J. With Mrs. Smith he is planning to enter the missionary field in India next year. She, too, has been taking a course of study for the work.

Son of Canton Educator.

Mrs. Smith, before her marriage in 1925, was a member of the Orchard Grove Methodist Episcopal church. She was a leader in the young people's activities of it and other churches here, in practically all of which she at some time or another sang.

The Rev. Mr. Smith is the son of Prof. and Mrs. J. A. Smith, of Canton. The former was superintendent of the Stark county schools before entering the insurance business. He graduated from Mt. Union college.

He became the pastor of the Anderson Methodist Episcopal church here in 1924. As such he was prominent among the ministers who took part in the W. E. Biederwolf tabernacle revival at Second and Washington street.

Expects Professor Appointment.

He was married to Miss Shay the following year, the ceremony being performed by the Rev. S. Lee Whitman, then the pastor of the Orchard Grove church. They left immediately for his new location in Louisville, Ky. From there they went to Stone Ridge,

Isn't it how well we do our work, rather than how much work we do that counts?

To our minds "quantity production" is not half so important as quality production! Using part of our time to keep fit for good work is better than spending all of our time at work not so good.

Someone one has said and rightly so. "As pleasure gives you a new edge for your work, the time devoted to it can no more be called idle than can the time a good workman gives to sharpening his tools."

TOWNSHIP VOTE ERROR HINTED

Daugherty Precinct
Board Asked to
Explain.

BEAVER, Pa., July 26.—The election board of the First precinct of Daugherty township has been notified to appear in court Monday morning to explain alleged discrepancies in the returns and tally sheets in the recent election in the township.

The question submitted to the voters was whether the township should be divided.

The return sheets showed the proposition had lost in the two precincts, 247 to 184.

The official count made by the court showed a similar result, but later an examination of the tally sheet of the vote cast in the First precinct showed there was an error. Only 128 votes had been tallied against the proposed division, while the figure in the total column was 228.

Members of the Daugherty township First precinct board are: Harry Miller, judge; George A. Yeager and G. A. Lint, inspectors; A. M. Latshaw, jr., and John P. McGowan, clerks.

World Scout Jamboree

The eyes of 700 Columbian county Boy Scouts will
 be turned toward Arrow park, Birkenhead, England,
 next Tuesday, where a two-week session of the third in-
 ternational jamboree will open in celebration of the
 twenty-first birthday of scouting.

East Liverpool, Wellsville, Salineville, Lisbon, Le-
 onia, Columbiana and East Palestine boys are espe-
 cially interested in this world-wide meet of thousands of
 youngsters, for Columbiana county is represented by
 three troop members.

Birkenhead will witness a demonstration of the high-
 est and finest national ideals in this assemblage, for
 the flags of 49 nations will be waving in the breeze
 and the representatives of the respective countries will
 mingle together in happy comradeship. And thus the
 three-fold purpose of the jamboree will be accomplished,
 for as Sir Robert Baden-Powell has said, the aims of
 the international games is to bring together the world's
 boys and thus promote world-wide understanding; edu-
 cate the public with regard to the true objects of the
 movement, and educate the boys taking part in it by
 visits to potteries, textile factories, etc.

Indirectly, too, the Columbian county council will
 benefit through this jamboree, for the council's three
 representatives will see and learn and, in turn, pass on
 their knowledge to their comrades. It should prove
 an unparalleled opportunity for those in attendance
 and will mean much for the future of the scout move-
 ment which has made rapid strides in the United
 States.

Britain's Drink Bill Heavy

While there has been a marked decrease in the drink-
 ing of intoxicants by the British people compared with
 the consumption of liquor and beer before the World
 war, the sum they yet expend for drink is a staggering
 one.

Between the close of 1913 and the end of 1928, the
 decrease in the use of liquor was 59 per cent and the
 decrease in beer consumption 30 per cent, and this de-
 spite an increase in population during the period of
 seven per cent. The use of wine has increased, but
 wine drinking last year began to fall off owing to the
 new and heavier import duties imposed.

Interesting figures on the drink evil in Britain have
 been contributed to the London Observer by Editor
 George B. Wilson of the "Year Book" of the United
 Kingdom alliance. He shows that the savings of the
 smaller investors, as reported by the various thrift
 agencies, have been but two and three-fourths per cent
 of their income, while 12 1/2 per cent has been expended
 for drink, the per capita drink bill of Britain being \$32.
 However there are 10,000,000 Britons over 18 years of
 age, including total abstainers, whose per capita expendi-
 ture for drink is a trifle less than \$10 a year. Exclud-
 ing these from the figures, leaves the per capita drink
 bill of the 20,000,000 above the age of eighteen \$65 a
 year.

Editor Wilson's figures show that the British bill for
 alcoholic liquors in 1928 was approximately \$1,500,-
 000,000 and that the drink bill from January 1, 1913,
 to February 2, 1929, was a little more than \$20,000,-
 000,000, despite the fact that expenditure for drink was
 greatly reduced during the war. During this same period,
 he shows, the unemployment benefits paid out by way
 of doles was \$1,850,000,000. In a word, the British
 drink bill was ten times the amount paid out for doles.

Buses Need U. S. Supervision

An alarming increase in the number of motor bus
 accidents has stressed the need for federal regulatory
 supervision over a system of transportation that is grow-
 ing by leaps and bounds. The time, it would seem, is
 at hand when there should be legislation of national
 character to regulate this method of transportation.

Instances have come to light where bus concerns
 operating over public highways, do so with defective
 machines which endanger not only the passengers, but
 the pedestrian and the other motorists and all other
 users of the highway.

Wildcat drivers also have come upon the scene, and have
 worked injury to responsible bus lines because they are
 financially irresponsible and indulge in reprehensible
 practices.

State regulation in most instances where there has
 been any regulation at all, has been attempted over
 motor busses and motor trucks engaged in interstate
 commerce, and interstate operators have been required
 to conform with the laws and regulations of the states
 in and through which they travel.

But the United States supreme court on March 2,
 1926, held that states could not restrict operations of
 motor busses or motor trucks in interstate commerce
 where such regulation was not primarily with a view
 to safety or to conservation of highways. And since
 this decision was handed down no supervision or regu-
 lation has been exercised over interstate commerce by
 busses or trucks not used in terminal service in con-
 nection with rail transportation.

Now, considering the rapidly increasing importance
 of the motor transport, it would seem necessary that
 congress enact some kind of regulatory legislation which
 will at once cover all the states, and which will make
 this form of communication less hazardous for the
 public.

Bus drivers should be subjected to a most searching
 examination as to their physical ability to withstand the
 rigors of their work, and as to their mental ability to
 think fast and accurately in time of emergency. The
 public relies upon the bus operator for his personal
 safety, just as the train rider relies upon the engineer
 and the conductor for his safety. If the bus driver is
 remiss in his duty, is a speeder, is careless and doesn't
 regard the safety of his passengers as something over
 which he is responsible, then that man is no fit person
 to handle such a vehicle.

There are many things which should come before con-
 gress for consideration when such regulatory legisla-
 tion is under consideration. And now is the time for the
 several states and communities to see to it that their
 representatives at Washington take serious cognizance
 of the bus transportation system.

HASKIN DAILY LETTER

By Frederick J. Haskin

WASHINGTON, D. C. July 26.—The pages of motion
 picture history are turning rapidly these days as a re-
 sult of the transition from silent to sound productions
 and big development will occur in all probability before
 the year is out.

Because the high cost of the sound films is driving
 the independent exhibitors out of business at the rate
 of more than a hundred a week, the producers are
 being forced more and more to enter the exhibiting
 field themselves, acquiring theatres, leasing them, or
 actually building them.

In the past the motion picture theatre owner, the
 independent exhibitor, was much courted by the pro-
 ducers. They constituted his market. Then the pro-
 ducers began getting theatres of their own to show
 films of their own production. These were all houses
 of the deluxe type where high prices were charged.
 The big profits to the producers came out of the box
 office receipts of such theatres. But meantime, the
 cost of production part of the producers' revenue con-
 tinued to come from the thousands of independents who
 rented films, usually second-run films which first had
 been exhibited in the big houses.

But now the independents are dwindling so rapidly
 that producer-owned theatres are expanding. The pro-
 ducers must have a market to carry the whole load of
 motion picture cost. There are several groups already
 in the field and the industry rumbles with rumors, re-
 peated, denied, and then reiterated of a half-billion-dol-
 lar project for construction of a new string by one of
 the largest producers. Bonds are to be sold to the pub-
 lic to finance the construction of these theatres. It
 will be almost like a Liberty Loan if the scheme goes
 through, as seems likely.

The big radio concerns have jealous eyes on the mo-
 tion picture industry. Patents connected with sound
 pictures interlock with radio interests and it must be re-
 membered that television, something almost wholly in
 the hands of the radio interests, is just around the cor-
 ner.

The big producers believe that it is necessary to build
 their own big new theatres for a number of reasons.
 One of the reasons for failure of independent exhibitors
 to make enough money to meet the greatly increased
 rentals charged for sound pictures is that their theatres
 are not large enough. Many of them are converted
 vaudeville houses or legitimate stage theatres. Except
 when big, first-run features are run at two-dollar prices,
 these houses are too small to pay the operating cost.
 It is now figured that a motion picture theatre must
 have three to four thousand seating capacity to be suc-
 cessful. Few old-fashioned theatres have anything like
 that.

However, this reaching out into the theatre owning
 as well as picture producing business has not escaped the
 eye of the attorney general. For some months the de-
 partment of justice has been giving attention to the
 mergers, absorptions, and augmentations which have
 been going on in the industry, and predictions are made
 by lawyers close to the business that a sweeping anti-
 trust suit may be expected within a few months.

This may mean the salvation of the independent pro-
 ducers. If prepared when the dissolution of the movie
 trust is decreed by the supreme court of the United
 States, groups of them can organize regional distributing
 and exhibiting syndicates which will come within the
 law and also emancipate them from the trust. Already,
 the Federal Trade Commission, acting under the unfair
 methods of competition statutes, has put a stop to un-
 limited block-booking.

Under this practice, an exhibitor required a theatre
 owner who wanted to buy certain popular productions
 to take certain unpopular or, at least, less popular films
 along with them. It was customary to insist upon a
 contract calling for 52 shows; that is, one for each
 week in the year, and the producer was allowed to sand-
 wich in any films, however weak, which he saw fit.
 The independents, objecting to paying for films which
 they often were unwilling to exhibit in their theatres
 proceeded before the federal trade commission with the
 result that the practice was curbed.

Will Hays' organization, the Motion Picture Producers
 and Distributors association, has proposed to the ex-
 hibitors one scheme which Hays hopes may help stem
 the tide of picture house failures. The scheme is
 known as the percentage arrangement. Under it, a film
 is rented for a minimum guarantee. Thus, the first \$300
 a movie takes in at the box office in a given week goes
 to the producer before the theatre owner gets a cent.
 After that is paid over, the theatre owner gets a per-
 centage of subsequent receipts. Inasmuch, however, as
 so many picture houses are operating at an out-of-
 pocket loss every week there is some pessimism con-
 cerning the outcome of this relief measure.

Questions And Answers

By Frederic J. Haskin.

—Have we had the pleasure of serving you through our
 Washington Information Bureau? Can't we be of some
 help to you in your problems? Our business is to fur-
 nish you with authoritative information, and we invite
 you to ask us any question of fact in which you are in-
 terested. Send your inquiry to the East Liverpool Re-
 view Information Bureau, Frederic J. Haskin, Director,

Q. How many of the automobiles used in the world
 are of American make? S. R.
 A. On January 1, 1929, there were 32,928,584 auto-
 mobiles, trucks and busses in operation. Of these almost
 90 per cent were of American manufacture.

Q. Where is the Marathon dam? C. R. C.
 A. It is near the village of Marathon in Greece. It is
 a solid concrete wall, but this dam is the only mosaic,
 marble-faced dam in the world. When completed the
 reservoir will have a capacity of 41,000,000 cubic meters
 of water.

Q. Was the French Foreign Legion in Europe during
 the World War? If so, how were replacements recruit-
 ed? R. J. M.

A. The French Foreign Legion was engaged in Europe
 during the World war. Replacements were not recruit-
 ed for the Legion. All enlistments were voluntary.
 Many persons went into the Legion because they were
 not taken into the regular French army.

Q. Who are some of the smallest of the prominent
 screen actresses? M. R.

A. Among the smallest screen stars are the following:
 Dorothy Janis, 4 ft. 11 in.; May McAvoy, Betty Bron-
 son, and Bessie Love all 5 ft.

Q. Which is more desirable, a Shetland pony or a
 Welsh pony? M. K.

A. The department of agriculture says that the Welsh
 and Shetland ponies have similar characteristics. Which
 is the more desirable is simply a matter of preference.
 In this country the Shetland pony is more popular for
 riding and the Welsh is usually driven.

NEW YORK Day By Day

By O. O. McIntyre.

LOS ANGELES, July 26.—The com-
 mopolitanism of this comparatively
 new city is revealed in its many for-
 eign quarters. Its Chinatown is half
 as large as New York's and not nearly
 so Occidental. One still sees queequehs
 and shuffling figures slipping and
 sliding in sandals, kimono creations
 and puffing yard-long thimble pipes.
 Slant eyed children play in every
 doorway. I visited it long after dark
 and it seemed wrapped in that sullen
 languor so peculiar to Chinese areas.
 Through the dingy windows every-
 body seemed to be bent over table
 playing fan-tan and other native
 games. Or working.

The Japanese quarter, hard by, is
 far sprightlier. All the inhabitants
 were in American dress. Yet a guide
 remarked: "We like the Chinese bet-
 ter." It was in Jap town I heard the
 first Christian sermon by a Japanese.
 He delivered it on a street corner and
 no one stopped save members of our
 little party.

Natives who passed along tittered
 and a few called out jeering epi-
 thets in their own tongue. The Japa-
 nese girls are rouged flapper types
 one sees all over America. There are,
 too, young Jap shoats with oiled hair
 who hang about pool parlors and
 cafes.

In Chinatown, by contrast, every-
 body seemed clannish and shrinking.
 The Mexican quarter spreads out from
 the old Plaza and is little different
 from any other down-at-heel neighbor-
 hood save for its peon types and such
 signs as "Banos" and "Dentista."
 There are more than 100,000 Mexicans
 here.

One thing noticeable in the Mexican
 quarter is the number of lady bar-
 bers most of whom are Chinese. Now
 and then, too, there is an old mission
 left just as it was in early days. There
 is also a picturesque strip given over
 to Filipinos and another for the Span-
 ish.

Los Angeles' Bowery is South Main
 street—a jumble of cheap john
 stores, shooting galleries, fly blown
 lunch counters, Army and Navy
 stores, and wax exhibitions featur-
 ing "Startling Poses—For Men Only."
 The pawn brokers are picturesquely
 named. One calls himself "Lucky
 Money Harry."

The tallest building in Los Angeles
 is the city hall, a white spire that

reaches 22 stories and stands beautiful
 at night with its flashing beacon.
 Very few other buildings attain the
 height of 12 stories. They fear the
 mice!

Next time they lure me out on deep
 sea fishing trip it will be under an
 assumed name. I am usually content
 in New York to stick around the
 house and peck at a typewriter but
 let me get away from home and I let
 myself go in utter idiosyncrasy. Not much
 can be said for my face at best but
 you should see it now. It looks like
 a blob of raw liver. I never cared for
 fishing and I care less than ever. But
 whatever I do I make the supreme
 effort to excel. It has become a habit.
 Thus I became the sickest scoundrel
 on the boat.

The stranger from anywhere is ever
 impressed with the low cost of living
 in Los Angeles. There are sizable
 bungalows a short drive from the
 business section with lawns and
 verandahs for \$35 a month. Splendid
 furnished apartments are procurable
 at \$50 a month.

Food prices are startlingly low.
 Fresh eggs are 80 cents for 3 dozen.
 Frying chickens are four for one dol-
 lar. Butter from the country 20
 cents a pound. Grapefruit eight for a
 quarter and juicy oranges and bana-
 nas ten cents a dozen. Avocados are
 5 cents a piece, and you better not
 call them alligator pears!

There is nothing more attractive
 than the great open fronted "Drive-
 in" market sheds. The vari-colored
 fruits arranged in a cyclorama of
 beauty. Courteous attendants are in
 green linen costume and the whole
 thing is almost like a Delasco first
 act.

Big banks make no resistance to
 hold up men. When an employee is
 asked at the business end of a pistol
 to pass over the cash he does so at
 once. Then he or someone else steps
 on a gadget that immediately sounds
 an alarm, locks every door and makes
 escape impossible. All of which cer-
 tainly makes a dandy sucker out
 of a bank thief.

Oh, yes, hereabouts shoes are re-
 bottomed! Second hand cars are re-
 possessed autos! 1929, by the McNaught

YOUR HEALTH

An Ounce of Prevention Is Worth A Pound of Cure.

By Dr. Royal S. Copeland.

The annual exodus of boys and girls
 from the city to the various summer
 camps in the country and at the sea-
 shore is well under way. These chil-
 dren will spend long, happy days in
 sunshine and fresh air, and long
 nights sleeping out under the stars in
 the invigorating pine woods, or near
 some wooded shore. They will build
 anew in health for the days to come.

And it is good news, indeed, to hear
 of the summer play schools to be
 opened in New York city, and in other
 cities, for the summer months. In
 New York alone there are 21 of them.
 Already 2,000 children are enrolled,
 and this means 2,000 children kept off
 the city streets. They are in school
 work made attractive by experienced
 teachers, using the most modern and
 approved methods.

In the winter time the parents of
 these children will meet in study
 groups along the line of child train-
 ing. Can anything be more beneficial
 and practical?

In our future educational programs
 for public good we must consider the
 matter of personal hygiene. We must
 begin with the very young child to
 build up sound bodies and clear
 brains.

Diet is of great importance for sound
 health. No one doubts the value of
 fresh air and cleanliness as factors in
 skin hygiene, the importance of build-
 ing up resistance to respiratory infec-
 tions, the value of exercise and play,
 the benefit of sleep and rest and the
 effects of the right stimulus on the
 mental state. All of these are im-
 portant matters which should govern
 the first few years of a child's life.

In the matter of diet, nothing is
 better in promoting good health in
 child than plenty of milk, fruits and
 fresh vegetables. New York city pro-
 vides, in the hot summer months,
 milk stations where needy children
 have free milk. A child should
 have milk, or crackers and milk, in
 the middle of the morning and at the
 afternoon, with a short rest follow-
 ing.

The school child spends much of
 his waking day under strict school
 rules of study that for him are diffi-
 cult tasks. He must undertake home
 work in his studies. In consequence,
 he is deprived of the freedom in play
 and the fresh air that he enjoyed in
 his pre-school days.

Undernourished and underweight
 children need more rest than they do
 strenuous exercise. Over-fatigue must
 be guarded against. Such children
 ought to have plenty of sleep. The
 child should be made to lie down on
 a bed or cot, in the fresh air if pos-
 sible, and where it is quiet. This nap
 should be taken daily.

The chronic fatigue of a school
 child may be due to lack of sleep or
 faulty food. This over-fatigue causes
 toxic poisons in the system which
 can be overcome only by complete
 relaxation.

Our young citizens must be trained
 to healthy living and must know
 how to manage their bodies well. In
 the fall, the boy or girl will be
 sound in health, with a happy sum-
 mer of play and work behind, and able
 to meet the work of the new school
 year and the rigors of the winter
 months.

BACLONOVA HEADS AMERICAN BILL

What Africa's strange and mystic spell can do to a white man who goes to live in the torrid jungle region was shown in "A Dangerous Woman" with Baclo Nova in the title role at the American theater yesterday.

As the wife of Clive Brook, British colonial representative in the primeval land of aboriginal Negro tribes, Baclo Nova is cast in a part which gives her full opportunity to provide a spell-binding, artistic acting

which has made her famous as the talking screen's most exotic siren.

As the plot develops we find her a huntress of men who is seemingly as merciless as the lions that prowl the Congo country. The climax of her romantic stalking of human prey is vivid, tumultuous—it leaves a definite imprint of amazement upon the audience.

Neil Hamilton and Leslie Fenton are cast as lovers of the comely enchantress. Their supporting work is intelligently done and it bespeaks their early experience on the legitimate stage. This background of stage

A SINISTER SUSPECT DISCOVERED!

Another link in the chain of acute mystery in "Strange Cargo," Pathe's rapid-fire mystery romance, is forged when the Captain (Claude King) snatches the soupes from the head of Dr. Stecker (Frank Reicher) and accuses him of murdering the missing millionaire.

"HIGH VOLTAGE" SCORES AT STATE

Take a Pathe star like William Boyd, a supporting cast that includes Owen Moore, Carol Lombard, Diane Ellis, Billy Bevan and Phillips Smalley and a virile, dramatic story laid in the snow-covered Sierra mountains in California, mix well with the latest in talking picture technique and serves as a 100 per cent dialogue attraction under the title of "High Voltage" and motion picture fans have delectable screen entertainment.

"High Voltage," William Boyd's first all-talking picture, is the feature at the State theater. The story is a tensely dramatic one, and yet, by way of relief, there are many moments of hilarity provided by Billy Bevan, former Mack Sennett comedy star, Carol Lombard and Diane Ellis supply the feminine interest, and the scenes in the High Sierras are considered to present some of the finest examples of snow photography yet shown in a picture.

day not only the wealthiest of deposed or exiled monarchs, but is perhaps the richest German, largely because of the terms exacted by him from the state in settling his claims against it.

In 1925 the head of the house of Hohenzollern received a state indemnity of \$3,750,000 for certain property claims surrendered in Prussia. At the same time there passed into the irrevocable possession of the family six castles, twenty villas and 250,000 acres of land.

His maintenance of a sort of mock royal court at Doorn takes toll of between \$50,000 and \$100,000 of his money annually, it is estimated, but the Dutch, on the other hand, complain that he does not pay an adequate income tax.

Wilhelm's entourage is a very substantial one and includes a number of satellites who loyally subscribe to the idea that what has happened has not changed the estate of their royal

CRITICS PRAISE NORMA SHEARER

Duplicating in melodramatic guise the smashing success of the all-talking musical, "The Broadway Melody," M-G-M's new dialogue smash, "The Trial of Mary Dugan," now playing at the Ceramic reaped equally as enthusiastic reviews from the New York critics at its Broadway premiere. Unanimity of opinion prevailed that "Mary Dugan" represents the outstanding all-talking film of its kind.

The new picture, which has been heralded as a triumphant achievement at a Hollywood preview some weeks earlier, was directed by Bayard Veiller, author of the stage play "The Trial of Mary Dugan." In structure and method of narration, the dialogue film adhered closely to the play, which ran for a full season on Broadway, and is now being played here and abroad by eighteen road companies.

Special praise was voiced by reviewers for Norma Shearer's splendid recording voice and for the sterling work of Lewis Stone, H. B. Warner and Raymond Hackett. The last named player appeared in New York in the original stage play.

master; that he is emperor in fact as he once was in name. For their loyalty they are paid handsome salaries, live on the fat of the land and hope with the deposed monarch for his eventual restoration.

Likewise, the Princess Hermine, his wife, whom he married at Doorn in 1922, though not recognized by the Prussian aristocracy as empress, certainly is regarded as such in her husband's Dutch place of exile.

The deposed monarch has had to

contend with many domestic difficulties during his stay at Doorn. One culminated in the marriage of a sister to a Russian who had formerly been a dishwasher and more recently a poet and a cabaret dancer. Three of his six sons have been involved in divorces. Prince Joachim, the youngest, was deserted by his wife, Princess Marie von Anhalt, and committed suicide.

His own marriage so soon after the death of the late Empress occasioned

serious criticism even among the stoutest advocates of the claims of the House of Hohenzollern.

XENIA 'BETTING' WAR UNDER WAY

Twenty-seven Cashiers At Dog Track Arrested.

XENIA, O., July 26. — (INS) — Greene county's war on "betting" at the \$100,000 Fairfield dog racing track near here, has begun in earnest, 27 cashiers at the "contribution" and "refund" windows of the track were arrested last night.

All were released under bond of \$50, each, and County Prosecutor J. Karl Marshall declared he will file charges of "unlawful gaming" against the men.

Approximately \$14,000 in cash was also seized at the windows where the "investment and cash prize" system of "betting" was being allowed. It is being held by authorities pending a decision in the case.

The arrests last night were made quietly just as the last race was being run.

"Investors," who were entitled to a "cash prize" due to picking a winner in the last race, were told to return to the track tonight for their money, indicating that the arrests will not stop the operation of the track.

More than 7,000 people were present at the dog races last night, but only a few knew of the arrests.

Weirton Boy Killed Under Freight Train

Legs of James Randolph, 10, Severed as He Seeks Shelter From Storm.

CHESTER, W. Va., July 26.—James, 10, son of Mr. and Mrs. John Randolph, 927 Weir avenue, Weirton, died last night following the amputation of his legs when he was run down by a freight train under which he and companions took shelter during a rainstorm.

The lads, crouched under an empty car on the siding near the Weirton Steel company plant, failed to hear the approach of the string of cars attached to the switch engine. Randolph was caught under the wheels while the others escaped unhurt.

Coroner George A. Arner, of Chester, will conduct an inquest tonight.

CHILDREN'S DAY AT FAIR SEPT. 3

More than 25,000 tickets will be issued free to the children of the grade schools of the tri-state district for the annual children's day at the West Virginia state fair, Wheeling, Tuesday, September 3.

SNOOK DEFENSE IN CO-ED DEATH IS COMPLICATED

"Self-defense," "Insanity" and "Love Potion" Suggested.
DRUGS BLAMED
"Aphrodisiacs" is Word Used in Examining Jurors.

By JAMES L. KILGALLEN,
International News Service Staff
Correspondent.
COLUMBUS, O., July 26.—Dr. James H. Snook's defense in the slaying of Miss Theora Hix, beautiful young university coed, is gradually becoming more complicated. It became evident today as the tedious task of selecting the jury was resumed that to his claim of "self-defense" and temporary "emotional insanity" he will add the plea that on the night of the crime he administered to him a "love potion."

"Aphrodisiacs" was the word used by Judge John F. Seidel, of counsel for Dr. Snook, in designating the particular kind of drug that it will no doubt be alleged, was taken by the defendant on the night of June 13 last when, in a frenzy of emotion, he battered the girl into unconsciousness with a hammer and then slit her throat with a pen knife "to relieve her suffering."

Emphasis on "Dope" Angle.
In questioning one of the tentative-accepted women jurors, Miss Edith Dyeinger, a nurse, Seidel bluntly asked her: "Do you know what aphrodisiacs are?" and when the stout, middle-aged nurse replied that she did not, the portly attorney for the defense volunteered the explanation that "they are potions which are said to stimulate sexual excitement in human beings."

Emphasis on the "dope" angle was laid by Seidel in interrogating jurors. Would they be prejudiced against Snook if it developed that he and his co-ed paramour "had taken drugs together to determine the human reaction," he asked. Repeatedly he warned the jurors that drug stimulation and "illicit relations" are going to play an important part in this trial. The illicit love-affair of Dr. Snook, the deceased college professor, and Miss Hix had stretched over a period of more than three years, Seidel asserted. Would the fact that this may be a mixed jury of men and women cause any of the jurors to be reluctant about discussing the sordid details of this "affair" in the jury room?

Life is Enigmatic Figure.
Mrs. James H. Snook, wife of the defendant, an enigmatic figure in this drama, again remained away from the court room, although she has assured her husband that she is standing by him loyally. She held an interviewer at her home where she is in seclusion that Dr. Snook was "always so kind—so thoughtful—so considerate—so generous." How can she forget that? They found close companionship, in fact "completeness," in their married life until three and a half years ago when the coed came into her husband's life.

"We were really happy—then," she said. "But things changed. I lost him. But I cannot forget him, or the kind things he used to do. No, never have I wanted to divorce him, and I do not want to divorce him now."

Young Girls Pack Court Room.
The court room was packed with young girls and women when this morning's session began. They occupied every seat and stood three deep around the walls.
Snook, attired in a gray suit, white shirt and lavender tie, sat at the defense counsel table examining papers through his nose glasses.
The tall, bald-headed defendant, occasionally whispered to his lawyers. He did not even glance in the direction of Mr. and Mrs. Melvin Hix, the slain girl's parents, who sat inside the railing which separated the attorneys from the spectators.

Airmen of Europe are laughing over the report from Germany that an experimenter in motorless flight has tamed a number of storks to tow him through the air on an engineless soaring machine.

DEATH ROLL

James Murdock Harris Funeral.
Funeral services for James Murdock Harris, 40, formerly of East Liverpool, were held this afternoon in his home, 317 South Millvale avenue, Pittsburgh. Burial was made in the Allegheny cemetery.
He leaves his mother, Mrs. Sarah Murdock Harris; one brother, Dr. E. E. Harris, and two sisters, Mrs. Margaret Kaye and Mrs. Henry E. Jordan, Pittsburgh.

TILDEN, LOTT ARE DEFEATED

American Hope for Return of Davis Cup Dies.

By FREDERICK K. ABBOTT.
ROLAND GARROS STADIUM, Paris, July 26.—(INS)—American hope for a return of the Davis cup this year virtually died on the shields of William T. Tilden and George M. Lott, Jr., this afternoon, the Yankee pair being soundly beaten by the French in the first two single matches of the challenge round. Tilden, playing without a semblance of the fire of the old champion once known, succumbed docilely to his nemesis, Henry Cochet, by 6-3, 6-1, 6-2. Lott made his challenge round debut a more notable one by fighting Jean Borotra to the death before the Basque's greater steadiness and surety gained the decision by 6-1, 3-6, 6-4 and 7-5.

With only three matches remaining, France thus gained what amounted virtually to a chattel mortgage on the cup for another year. It now needs only more more victory, either in the doubles match tomorrow, or in the final two singles on Sunday, to retain the trophy it has held since 1927.
It had been expected that the absence of Rene Lacoste would place the French in jeopardy but there was no evidence to support this notion today, although Lott for a time revived American hopes by the manner in which he fought Borotra back on his heels. The young Yankee finally took a lead of 5 to 3 in games in the fourth set only to be swept aside by the power and brilliance of the Frenchman's final rush to victory.

PRESIDENT GOES TO FISHING CAMP

WASHINGTON, July 26.—(INS)—President Hoover will leave the capital this afternoon for his Rapidan fishing camp in the Virginia Blue Ridge.

Business rather than fishing, however, probably will occupy the president's time, for accompanying him will be Secretary of War Wood, and as assistant secretaries of war Hurley and Davidson; General Charles P. Summerall, chief of staff; and Colonel Campbell Hedges, military aide. The president plans to go over with the war department officials the plans for radically reducing the annual military budget.
The party probably will return Monday.

will attain this peak. Their latest message read "Feeling fine nad getting fat. We are good for many more hours."

Houston Fliers Brave Tempest.
HOUSTON, Tex., July 26.—(INS)—Ever-mildmannered of their rivals in the air and continuing desperately to eventually reach the St. Louis Robin's "Billion Dollar City" braved a tempest last night and this morning completed 211 continuous hours of flying at 8:49 o'clock.

The plane, piloted by Joe Glass and G. L. Loomis, is functioning perfectly, and last night's battle with stormy weather proved the efficiency of the Texas plane, which never gave indication of faltering.

A request was made this morning for permission to fly over other airports during the local threatening weather. Officials here of the National Aeronautical association took the matter up with headquarters in Washington.

Miss Margaret Hitchcock Sims, daughter of Admiral Sims, is to be wed this fall to Robert H. K. Hopkins, of Boston, Mass., son of Dr. Frederick S. Hopkins. Miss Sims is shown above with her dog, "Fatsy," at the Sims summer residence at Newport, R. I.

100 FLEE FLOOD IN COLORADO

Forty Homes Ruined By Huge Boulders And Debris.

OURAY, Colo., July 26.—(INS)—One hundred persons fled from their homes here today to escape flood waters of the Uncompaghe river. A heavy rain caused the river to rise out of its banks and inundate the lower part of this city. One house was reported to have been washed away by the flood waters.

Forty homes were reported ruined today by huge boulders and debris washed down upon the lower part of the city by a cloudburst.

The damage is estimated at \$100,000.
No casualties were reported.
Two city reservoirs were washed out.

All business in the city was at a standstill today while hundreds of men aided in clearing away debris. Ouray was cut off from highway and train communication. Mail was being carried out of town on horse-back.

RUSO-CHINESE WAR DECLARED OFF

WASHINGTON, July 26.—(INS)—Danger of war between Russia and China over the seizure by the latter of the Chinese Eastern railway was believed by the state department to be greatly diminished by advice received today from unofficial but "highly authoritative" sources that China had receded from her arbitrary position.

She Felt As Tired On Rising As She Did Before Retiring

Mrs. Mary C. Stanley Tells How "ORANGE ROOT" So Strengthened Her Weakened System That All Feeling of Fatigue Left Her Entirely — Says It is Only That Completely Rid Her of Stomach Trouble.

Mrs. Mary C. Stanley, of Chester, near East Liverpool, Ohio, joins the vast ORANGE ROOT army of HEALTH after suffering for years with a dreadful case of stomach trouble which was slowly making an invalid of her. This good lady says: "Early in life I found it profitable many a time to take advice, but never so much as when I took the advice of friends to try ORANGE ROOT for stomach trouble and general rundown condition. I had this ailment so long that I thought to try anything else was a waste of time and money. I had tried everything it seemed, but never found any medicine to get at the cause of my troubles. For years, my stomach refused to function as it should. Food did not digest properly, and everything I ate soured in my stomach. Gas caused bloating, and pain and palpitation of my heart. Unfermented food came up in my throat and mouth. I became shaky and nervous. My sleep was disturbed, and morning found me as tired as the night before. I could feel my strength slipping away from me, day by day. I lost my ambition, and work became a burden. I was in a sorry condition when I started tak-

ing ORANGE ROOT Iron & Celery Compound, but after taking 3 bottles and a few of those golden Nuggets, MY HEALTH RETURNED BY LEAPS AND BOUNDS. I can now eat foods that 6 weeks ago would have caused me terrible pains and sickness at the stomach. My nerves are quiet and calm, and I sleep soundly all night long and get up in the mornings feeling refreshed and eager for the day's work. I am always hungry and my whole system is stronger in every way. It has helped me in many ways, and I cannot find words enough to praise like I feel I should." This famous compound of Celery Seeds, Golden Seal, Nux Vomica and IRON is bringing real HEALTH and HAPPINESS to hundreds right here in East Liverpool. If you suffer as Mrs. Stanley did, or have rheumatism, neuritis, nervousness or are weak, and all run-down, lack strength and have no pep, for goodness sake, go at once to MATHEWS MEDICINE STORE, get 3 or 4 bottles of the tonic, a box of the golden Nuggets, take them according to directions, and watch your old time pep return and all your aches and pains disappear. ORANGE ROOT is King of ALL TONICS. A trial will convince you of its intrinsic merits. Prices TONIC \$1.25, Nuggets 60c. For sale at all live drug stores here and thruout this whole section.

REPORTS FROM STOCK MARKETS

BY W. S. COUSINS
International News Service Financial Editor.
NEW YORK, July 26.—Bethlehem Steel shares the honors with American Tel and Tel. as a market favorite in the first hour this morning, as the result of the boost in its dividends rate to \$6 a share, announced after the close of Thursday's market. Wall Street chose to ignore the \$95,000,000 increase in brokers' loans, and the whirl of bidding prices of favorites higher and higher was taken up at the top of the opening bell.
Twenty thousand shares of Bethlehem were wanted at the start and the price agreed upon was \$122 a share, compares with yesterday's close at \$119.

250 MEN, WOMEN AND CHILDREN ATTEND SALVATION ARMY OUTING

MORE THAN 250 MEN, WOMEN AND CHILDREN attended the annual outing of the Salvation Army at Thompson park yesterday afternoon and evening. Delegations from Wellsville, East End and Beachwood, in addition to those from East Liverpool who are members of the West Third street citadel, were present.

A 6 o'clock dinner was served in the pavilion. Then an open air service was held. During it addresses were made by Peter Salt, Harry Webb and Mrs. Charles Whittier to the adult members and by Captain Lily Lund and Sergeant Major Myrtle Hutchinson to the young people. Then Major and Mrs. Joseph Hughes talked in happy vein.

An athletic program was featured for the children.

Return from Ontario.

Dr. J. Bert George and John Little, the former of Washington street and the latter of the Little building, Diamond, have just returned from Freeport Falls, Ontario, where they spent their vacation in a fishing camp.

The camp was 192 miles north of Toronto, Canada. There they found a number of persons from Rochester and Monaca, Pa.

Merry Workers' Picnic Aug. 1.

A picnic will be held August 1 at Rock Springs park, Chester, by members of the Merry Workers' class of the First Baptist church. It was decided at a meeting Wednesday night in the home of Mrs. Minnie Haney, Green lane. The social hours, following the business session, were spent with music and games.

Refreshments were served by the hostess, assisted by Mrs. Margaret Crowley, a guest.

Those present were Mesdames Ruth Wyatt, Grace Shenkel, Margaret Rollins, Minnie Haney and Sarah Quinn, teacher, and the Misses Marie Hall and Della Nease.

Mrs. Ruth Aughinbaugh Hostess.

Rook was the pastime of the Forget-Me-Not club last night in the home of Mrs. Ruth Aughinbaugh, Westfield.

Refreshments were served by the hostess, assisted by her daughters, Miss Delores Riggs, and Elmer Burns, covers being arranged for 15.

Mrs. Harold Muligan of Baltimore, Md., was a guest.

W. C. T. U. PICNIC AT COUNTY HOME

GIFTS were presented 108 inmates of the county home, near Lisbon, who were guests at a reception and picnic held yesterday under the auspices of the Woman's Christian Temperance Union of East Palestine. Delegations from other unions in the county attended. Mesdames Gertrude Applegate, Blanche Pattison, Mabel Workman and daughter, June, represented East Liverpool.

Following dinner at 6 o'clock, Charles F. Bough of West Point spoke on "Law Enforcement." Mrs. Ida Herman, legislative superintendent, attacked the Moderation League of Women, charging it was formed to undermine the work of the W. C. T. U. A program was also presented by the Young People's branch of the East Palestine union.

The annual picnic of the East Liverpool union was held at Thompson park today.

All Delaware's Aged Poor May Draw Du Pont Pensions

Millionaire Takes Charity Burden State Senate Rejected.

An entire state is included in the private pension fund of Alfred I. Du Pont, the Wilmington millionaire. All of the aged, deserving poor in Delaware are eligible for consideration.

Alfred I. Du Pont.

How large the list may grow is not known, but a survey is now being made by an agent for Du Pont.

At the last Legislature a bill was presented known as the Old Age Pension Bill, providing for a pension for worthy residents of the state who were more than sixty-five and without family or friends to care for them.

Du Pont was greatly interested in the measure, as was Mrs. Laura C. Walls of Sussex county, a school teacher. Mrs. Walls urged members of the legislature to vote for the bill, but it was defeated in the senate by two votes. The principal objection was the provision for a high salaried board of pensions.

Mrs. Walls then proceeded to evolve a plan whereby such a pension could be paid with a minimum of administrative expense and interested the explosives king in her idea. The plan seemed to be practicable; he agreed to pay all administrative expenses and all pensions as well until the legislature could decide whether to take up the burden.

The general idea of her program, now being organized, is to work through the various religious organizations and churches of Delaware. The heads of the different organizations, such as district superintendents and bishops, have been appointed chairmen. They in turn appoint clergymen as sub-chairmen and these appoint committees in their churches.

Any person in the state of Delaware desiring a pension it at liberty to appeal to any church and the clergyman at the head of the church takes up the case with his committee.

The new air service connecting Panama, Nicaragua, Honduras, British Honduras and Cuba is said to be a success, and will be extended to Trinidad and San Juan.

That her husband had for seven years gone to bed on Thursday and remained there until Monday, when he got up to sign for unemployment pay, was the testimony of a London woman recently.

DUNDEE LOSES TITLE TO FIELDS ON FOUL IN SECOND

Coast Kid Twice Floors So Called Cheese Champ

Crown Wearer Down for Counts of Nine and Seven Prior to Low Blow; Record Crowd Jams Detroit Arena.

DETROIT, July 26.—For the sake of the welterweight division, it is to be hoped that Jackie Fields, who won the championship last night from Joe Dundee, defends his title at least occasionally and that when he loses it he will go down like a fighting man.

Dundee, who has been known in the fraternity as a "cheese champion," was dropped twice in the second round by the sharpshooting young welter from Chicago and the coast, and then lost the fight and his title on a foul.

"The cheese champion took the easy way out," sneered the cynical brotherhood at the ringside, and perhaps they were right.

Maybe the Baltimore Italian didn't intend to commit a foul. Possibly he didn't know, as he rose groggy and glassy-eyed from the floor, where his random punches were landing. No one knows but Dundee whether the blow was the malicious, deliberate foul of a desperate fighter, or just an accident.

At all events, it was a most wretched way in which to lose a championship, a sorry finish to a fight which drew a larger gate than any other welterweight bout in history.

Gate receipts were estimated at \$175,000, and approximately 27,000 persons came to promoter Floyd Fitz-

simmons' new outdoor arena to witness the debacle. The attendance broke all state records for boxing, and is said to have been twice as large as that of the previous welterweight championship bout at the Polo grounds, two years ago, when Dundee won the title from Pete Latzo.

While the fight lasted, Fields looked the part of a champion. Both men fought cautiously in the first round, clinching frequently, and neither landed any particularly damaging punches.

In the second, the challenger began carrying the fight as soon as the bell rang and in a flurry of fast fighting he sent two lefts to the champion's body and followed with a terrific right to the jaw. Dundee rose wearily after a count of nine, only to go down again under a rain of gloves as Fields chased him about the ring.

At the sound of seven the groggy champion was up once more. Then came the finish, a minute and 55 seconds after the round had started. Dundee was reeling off the ropes when one of his wild swings caught Fields in the groin and the Pacific coast youth doubled up in pain.

Thirteen highway projects are under construction or contracted for by the Chilean government.

He's Champion

JACKIE FIELDS

Jackie Fields, coast welterweight, is undisputed boss of the division today as a result of his victory over Joe Dundee in Detroit last night. The scrap ended abruptly in the second when Dundee, who had been floored by Fields, came up groggy and hit Fields low. Dundee was immediately disqualified on a foul, although the chances are he would have been "disqualified" in another manner by Fields' two powerful mitts eventually.

Cavella Is Beaten By Davies

Cantonian Takes Boxing Lesson in Junction Fight.

WILLIE DAVIES, Charleroi light-weight, won a 10-round decision over Carl Cavella, Cantonian, last night in the headline event at Junction park race track.

Davies was so thoroughly Cavella's master that the judges could have rendered their decision blindfolded. Cavella was unhurt but saw a lot of gloves.

It is difficult to imagine, after seeing Davies win from Cavella last night, how the Canton Italian could possibly have gotten a draw with the Charleroi midge, as he is reputed to have done a month or so ago at Altoona, unless he knocked Davies down a dozen or more times.

Cavella tried hard, but his efforts were futile gestures in the face of the tactics of the clever Davies. Cavella was slow and steady in comparison to his foe. Davies did virtually all the leading and steadily beat Cavella to the punch. Goaded by anger at times, at his own vain attempts to hurt Davies, Cavella would rush his tormentor into the ropes but after the first badly contact with Davies, generally found his arms and fists as effectual as an octogenarian's with rheumatism, gout and halitosis.

The crowd roared its applause time after time as Davies slipped head punches, rolled, ducked and weaved away from Cavella's punches and then tied up the Cantonian tighter than a ball of twine.

And then Cavella would resort to watch and wait tactics, like a sniper in ambush, waiting for an enemy to expose a vulnerable spot.

But he never found it. Cavella, stronger than Davies, could have laid the Charleroi mite low—had he been able to hit him.

Lee Sala, Donora middleweight, earned a decision over Nick Polla, Alliquippa, in the six-round semi-final. It was a hammer-and-tongs fight all the way, Sala piling up points in the last three rounds.

Eddie Yarosz, Monaca, won on a technical knockout over Jimmy Birch, Ashtabula, with a minute and a half to go in the sixth and final round. Referee Eddie Kennedy stopped the scrap after Birch had been floored three times.

Young Jacobs, Able Witz's boy from Canonsburg, outpointed Ruben Sanders, Youngstown, in four rounds and Scotty Graham, a 115-pounder, stablemate of Howard Mayberry, easily won from Scotty Baird, New Brighton high school grid star, in the four-round opener.

championship by defeating Joe Dundee, of Baltimore, on foul (2).

AT MONTREAL—Leo (Kid) Roy, Canadian featherweight champion, defeated Billy Hindley, of England (10).

AT PHILADELPHIA—Eddie Reed, Philadelphia featherweight, outpointed Frankie Rapp, of Camden, N. J. (8).

AT NEW YORK—Eddie Dowling, of Washington, knocked out Jimmy Doyle, of New York (3).
Pete Herman, New York, defeated Carl Hansen, Brooklyn (8).

Inter-City League

Laughlin holds first place in the Inter-City league race without dispute today as a result of a victory over the Kates last night but faces another tough game tonight when they tangle with Chester on the Newell diamond. The Kates dropped into a tie with Wellsville for second place. The Chester nine has lost three in a row this half, after winning the first half pennant, and are becoming rather irked at their slump. Consequently, a battle is expected when the West Virginia rivals tangle tonight.

YANKEE NETTERS BATTLE FRENCH

ROLAND GARROS STADIUM, AUTEUIL, France, July 26.—Facing one of the most formidable barriers behind which the Davis Cup has ever been defended, the American Davis Cup team hurled itself against France today in an effort to restore the coveted tennis trophy to American soil. Although Rene Lacoste, the most brilliant of the French stars, will be out of the line-up because of illness, the French team will nevertheless present a strong front to the American invaders.

Fighting side by side with William T. Tilden, veteran of nine successive years of Davis Cup challenge round play, will be George M. Lott, Jr., Wilmer Allison and John Van Ryn, all young and uninitiated to the exigencies of challenge round play.

But the draw has given the Americans some advantage, and bolstered hopes that the cup may this year be returned to America. In the first match of the day, starting about 2:15 p. m. on the center court, Lott meets Jean Borotra, while immediately after, Tilden will face Henri Cochet, in what may be their last meeting in a Davis cup tournament.

30 GAMES BIG TASK FOR GROVE

Connie Helps, However, With Relief When Star is Ahead.

NEW YORK, July 26.—Although Robert Moses Grove has rolled up the impressive total of 17 victories as against only two defeats, it is doubtful whether the great southpaw of the Athletics can achieve his goal of 30 victories this season. The A's have played three-fifths of their scheduled games and a continuation of Grove's sensational pace for the remaining two-fifths of the campaign would net him only 28 wins.

Even a short slump would just about ruin the tall southpaw's chances of chalking up 30 triumphs. Connie Mack is saving his great star as much as possible, however, by sending a relief pitcher to the mound when the team has piled up a big lead for Grove early in the game. Mack did just that yesterday when his sluggers ran wild and scored 20 runs in the first five innings of the Cleveland game.

The most unusual feature of the carnage was that the A's made their nine runs in the first inning after two men were out. Jimmy Foxx got two homers, Grove and Haas also hit for the circuit, and the team's total of 25 hits netted 21 runs to Cleveland's three.

The A's increased their lead over the Yankees to 10½ games, as the champions did not play. The Cincinnati Reds also went on a batting spree, clouting 21 hits to swamp Boston by a 14-to-2 count. Every man Jack on the team hit safely, Swanson getting five blows and Pitcher Lucas four.

Scoring all their runs in the sixth, seventh and eighth innings, the Cubs outslugged the Giants, 8 to 5, and increased their lead over the idle Pirates. Master Melvin Ott uncorked

SOFTBALL RESULTS

A thrilling ninth inning rally by Carnahan Drugs, after one was out, proved to be the undoing of the Laneve Grocers last night at upper Columbian park. Coming up for their last time at bat the Drugs were on the short end of a 2 to 1 count. However, three hits aided by two passed balls, were sufficient to score two runs.

Another St. Louis pitcher, Jess Haines, regained his winning form as the Cardinals slaughtered the Phillies, 10 to 3. Haines yielded only four hits, two of which were four-baggers by Klein and O'Doul, the Quaker home run twins. Klein is the first major leaguer to hit 30 homers this season.

After Young Ed Walsh and Firpo Marberry had hurled shutout ball for eight innings, the White Sox noed out Washington in the tenth, 3 to 1.

LAUGHLIN DOWNS KATIES FOR THIRD STRAIGHT WIN

Pollock Holds Visitors To 4 Hits In Slab Duel

O'Brosky in Form, Allowing But Seven Safeties, But Opportune Swats and Daring Base Running Defeat Him.

WITH Ray Pollock pitching gilt-edge ball, the Laughlin pace-makers of the second half drive in the Inter-City circuit last night continued their winning ways when they took a 4 to 2 victory from Jack Orr's K. T. K. nine at Newell.

The Newell lads scored no more than one run in any inning but they crossed the pan in four frames while the Katies collected their pair of markers in the third when they reached Pollock for three bingles and a sacrifice.

Those three hits and one additional swat represented the combined efforts of the visitors in the batting department last night.

Jack O'Brosky dished up a good brand of ball for the Katies, permitting seven hits, but the Laughlin bingles came at timely junctures.

Digman and Finley corralled four of the Newell hits, each getting a pair. Tommy Sayre made his second half debut for the Katies and turned in the star fielding play of the game when he made a back-hand stab of Pollock's sizzling grass cutter in the fifth. Coleman played in left field.

Digman scored the first run of the game in the second. He doubled to

center, took third on Watson's sacrifice and finished when A. O'Brosky failed to hold Schultz's throw to third.

The Katies captured the lead in their half of the third. Sayre singled to center and Mautz got an infield hit. Both advanced on Witherow's sacrifice and Sayre counted when Coleman grounded out to first. Schultz's single to center drove Mautz home.

Laughlin tied it up in the third. Finley led off with a bingle to center, went to second unmolested, reached third on a wild pitch and scored on Mosser's slow infield hit to short.

Dickey's nine forged ahead in the fourth with Digman again leading off. Digman singled to right, swiped second and scored on Densmore's double to right.

Chap Finley's double to center paved the way for Newell's final tally in the fifth. He got away fast from second on Mosser's slow grounder down the first base line and scampered home as Mosser was being thrown out.

McGraw Accused of Simon Legree Tactics As Giants Slump; Hands Out Lavish Fines

By Davis J. Walsh.

NEW YORK, July 26.—They finally are beginning to tell stories on John McGraw and the way in which he is hounding his ball club into defeat with \$100 fines and the lash of a tongue that has known no equal in more than 25 years on the ball field. They say that John is scaring his employees into errors and that this is the reason they have done an Annie Laurie on him. Annie will be recalled as the lady for whom somebody greatly desired to lay himself down and die. The Giants died for John yesterday in Chicago for the third straight time. They have been doing it practically every day since the first of the month. It ought to become official any time now.

The trouble is that the Giants are licked, which is all very well, and they know it, which isn't. That's not John's way. If you are working for him, you are supposed to ignore the truth, provided you don't happen to like it. Defeat galls him; but it takes a cheerful loser to send him gibbering around the dugout on his heels. If one didn't know him, according to the stories, one would say that John

Jacksonville Voters Will Act on Baseball

JACKSONVILLE.—Whether or not Jacksonville will legalize professional Sunday baseball will be determined in a special election on July 30.

The election was ordered by the city commission following receipt of a petition requesting Sunday baseball signed by more than 3,450 registered voters, or ten percent of the qualified electors of the city.

has become slightly irked with the athletes who are helping him to lose the pennant this time.

He has had his share of losses since 1924 but never a club like this. They say this one loses philosophically. Shades of Dahlen, Bresnahan, McGann and Mertes! There hasn't been a patient, reliable loser at the Polo grounds in almost 30 years.

However, the club doesn't seem to be typical of McGraw in more ways than one. He has quite a third baseman in Lindstrom and, if there is anything radical the matter with Terry at first base and Jackson at shortstop, the news has been hushed up rather successfully. But John isn't sure he likes them. They are too calm. John is all for frenzy and violence. Anyhow, they are believed to be among those who have been favored by the fines with which he is said to have been so lavish. All the penalties, by the way, are said to have been earned on the ball field, not off.

His favorite "hate," however, seems to be Hogan, the large young man who catches the ball game when John permits him. One story says that Hogan has been fined something like \$1,000 this year for sins he committed on the

ball field and, in some cases, sins he only looked as though he would like to commit. John is smart in an emergency like that. He can tell what you are thinking even when you aren't.

Speaking of this delicate subject brings to mind another point in which the 1929 Giants appear to have missed the McGraw standard. It is rumored that they even have a man, said to be Larry Benton, who wishes to do his own thinking. John is very positive on this point. There is to be no thinking on the ball club, as he pointed out one day to Dave Robertson who was being reprimanded for misdeeds committed and those he undoubtedly was getting ready to commit.

"But, Mr. McGraw, I thought —"

David, of course, didn't deserve to get any further than that.

"You thought?" snorted John, who even in his early days was recognized as a snorter of unusual promise. "You thought! What do you mean by thinking. I'll do all the thinking around here."

And he has been thinking ever since. The boys probably are willing, too, but only up to a certain point. They wish he would stop thinking out loud.

Kin of Wellsville's First Citizen Dies

Mrs. Helen Wells Arnold, 85, Granddaughter of William Wells, City's Founder, Succumbs Suddenly in Ann Arbor, Mich.

WELLSVILLE, O., July 26.—Mrs. Helen Wells Arnold, 85 years old, widow of Clarence R. Arnold, and granddaughter of William Wells, founder of the city of Wellsville, died suddenly last night in the home of a daughter, Mrs. Margaret A. White, in Ann Arbor, Mich.

Mrs. Arnold was the daughter of Alexander Wells and Esther Kimble Wells. She was a lifelong member of the Methodist Episcopal church and was active in affairs of the church, especially missionary work. In her younger days she was a student at Pittsburgh Female college.

She leaves a daughter, Mrs. White, in Ann Arbor, and a son, C. W. Arnold, Riverside avenue, Wellsville; two grandchildren, Arnold White and Geraldine Arnold; two brothers, Homer C. Wells, of Wellsville, and Emmet H. Wells, of Pittsburgh, and one sister, Mrs. Margaret Taylor, Wellsville.

C. W. Arnold left last night for Ann Arbor, Mich., to complete funeral arrangements.

Funeral services will be held Sunday afternoon at 2:30 o'clock at the home of Mr. and Mrs. C. W. Arnold, 499 Riverside avenue, in charge of the Rev. A. A. Reavley, pastor of the First Methodist Episcopal church.

Burial will be made in Spring Hill cemetery.

WATERMELON FETE AT CAMPGROUND

Residents of the Oakgrove campground and their friends entertained last night with a watermelon party. Fifty guests were present. Outdoor games were enjoyed.

The out-of-town guests included Mrs. C. G. Stevenson and daughter, Mrs. W. E. Paisley and children, Helen Frances, and Richard, all of Cleveland; Mrs. C. B. Havens and daughter, Nellie, of Milwaukee, Wis.; Mrs. Arthur Taylor and daughters, Jane and Martha, of Evanston, Ill.; and Mrs. James R. Vordrey and son, Jimmy, of Zanesville.

CLASS TO HOLD PICNIC TODAY

Instead of the regular meeting, Sunday school class 13 of the First Methodist Protestant church will hold a picnic this afternoon at Hammond park. Program of outdoor games is planned. Mrs. George Fisher and Mrs. Charles Williamson will be in charge.

NAMES MEMBER OF COMMITTEE

Baker Appoints Howard Donnelly to Filter Group.

Clyde Baker, president of council, today announced the appointment of Howard Donnelly, Commerce street grocer, to a position on the city's filtration committee.

Donnelly will represent the Wellsville Rotary club in deliberations of the committee.

Richard Keay, councilman-at-large, is chairman of the committee. Charles Peters and Ted Swearingen, councilmen, are members, together with Mayor W. L. Fogo, Service-Safety Director George B. Imbrie, City Chemist Jess Tarr, Engineer R. D. McGill, George Davis, representing the chamber of commerce, and W. R. MacDonaid, representing the Kiwanis club.

The committee was named several months ago to initiate plans for the ultimate construction here of a filtration plant, deemed a necessary unit in the present water supply system. While the purity of the present supply is unquestioned, the water at times is muddy, especially following heavy rains.

The councilmen who are members of the committee, following the organization of the group, inspected work being done at Youngstown, consulting with Engineer W. H. Dittoe, formerly a state man, and decided that the first step would be the determination of demand. It would be necessary, they decided, to know how much water the city used before planning the filtration plant. As a result, bids will be opened in the near future on a meter to be installed on the pipe line out of the reservoir in Little Yellow creek.

Personals

Mr. and Mrs. J. T. Carey of Oakgrove Campground, accompanied by Miss Nellie Haven, have concluded a motor trip through Michigan. They were guests at Camp Minnow on Lake Michigan, where their daughter, Jane, was a member. The latter accompanied them home.

Mr. and Mrs. C. W. Freeland and children of Wells avenue, accompanied by their house guest, Mrs. Ola Stewart, of Barneville, O., left today for a several day's visit with relatives in Buffalo, N. Y. They will also visit at Niagara Falls and points in Canada.

Mrs. Arthur Taylor and daughters, Jane and Martha, of Evanston, Ill., are guests of Mr. and Mrs. Lawrence McVay and family at Oakgrove Campground.

Miss Jane Dickson of Cortland, N. Y., is spending the summer with her sister, Mrs. J. T. Carey, Oakgrove campground.

William B. Thorne of Highland avenue, has concluded a visit in New York City, Atlantic City, the Shenandoah Valley and Niagara Falls.

Mrs. C. G. Stevenson of Cleveland is visiting with her daughter, Mrs. Martin Abbott, Oakgrove campground. Mrs. C. B. Havens and daughter, Nellie, of Milwaukee, Wis., are guests of the former's sister, Mrs. J. T. Carey, Oakgrove campground.

NAZARENE HEAD TO SPEAK HERE

The Rev. C. Warren Jones, district superintendent of the Nazarene church, will occupy the pulpit of the Nazarene church here Sunday.

The local church is without a regular pastor following the recent resignation of J. H. Stewart.

Services will be held both morning and night Sunday.

16 TABLES IN PLAY AT CARD PARTY

Sixteen tables of bridge, 500 and eucher were in play last night when the Ladies' Catholic Benevolent Association of the Immaculate Conception church entertained in the school hall.

Honors were awarded Miss Mildred Connor, and trophies were presented as follows: Bridge, Mesdames Eria Betts and Edward Fagan and Messrs. Carl Shoub and Ralph Merriman; 500, Mrs. Fred Martin, Miss Barbara Walker, and Messrs. Michael Dalton and Daniel McCarron; eucher, Mesdames Newton Ryan and Anderson, and Messrs. Edward Broderick and James Durzen.

Refreshments were served by Mesdames J. H. Rawlings, Anthony Barth, Charlotte Hanlon, James McPeake, Charlotte Hanlon, James McPeake, Mrs. and Misses Nell Reilly and Mary Fitzgerald.

MISS BELL TO WED COLUMBUS MAN

Mr. and Mrs. Ross Bell, Highland avenue, today announced the engagement of their daughter, Miss Leona Bell, to Norman Gaskill, son of Mr. and Mrs. Marion Gaskill, Columbus.

The wedding will take place in the fall. The couple will live in Columbus.

Helen Garay Entertained

Members of the Jolly Ten sewing club met last night at the home of Helen Garay, Ironside road. Miss Edith Holmberg was in charge of the session.

Japan is to have its first private raw silk manufacturing company, such operations having been conducted entirely by co-operative guild farmers.

"Listen In" Tonight

Opera, operetta and music in kindred vein are given more than the customary share of attention in tonight's programs from KDKA, WCAE and WJAS.

Beginning at 6 o'clock, the Little Symphony orchestra with Martha Eaton Brickman, soprano, as guest soloist, will broadcast light opera and semi-classical music from KDKA. Miss Brockman will sing the aria "Alla luce," by Mozart, and "More Regal in His Low Estate," by Gounod. Victor Sandek will direct the program.

The second act of "My Maryland," Remberg operetta, will be presented in the Philco Theater Memories period on the chain at 8:30 p.m.
For the Slumber Music hour at 11 o'clock, Mozart's "Impresario" will be the opening selection.
Excerpts from another popular opera, "The Fortune Teller," by Victor Herbert, will be broadcast in the Light Opera Gems program over WJAS at 10 o'clock. Numbers from current musical successes will make up the remainder of the program. True Story hour and the In a Russian Village program are other WJAS attractions for tonight.

The "Twilight Recital" over WCAE tonight at 6:10 o'clock will be presented by Charles Stephenson, tenor, accompanied by Mary Louise Jeffry, pianist. Popular numbers will be offered. Network features on the National Broadcasting company's hook-up include the Cities Service Orchestra and Cavaliers; Whispering Tables, dramatized tales of the underworld; Summer Melodies, with Dolores Cassenelli and Julian Oliver, and the Scheradtown Brass Band. Tracy Brown will broadcast dance music from the Willows at 11 o'clock.

FINDS OWA-TON-NA A FINE SYSTEMIC TONIC

Popular Local Mayoralty Candidate Finds This Fine Old Indian Remedy a Valuable Aid in Keeping Fit.

Harmful poisons, it almost seems in no matter what form, are routed from the system when this natural compound is put to work. Nature's own roots, herbs, barks and berries as formulated in Owa-Ton-Na just seem to cleanse the system from top to bottom. Stomach, liver and kidney disorders, rheumatism, neuritis, nervousness and a general run down condition of health have responded in so many thousands of cases that it is small wonder that the praise of Owa-Ton-Na has spread so rapidly wherever it has been introduced. Day after day eager health seekers report marvelous benefits not only in East Liverpool but all over this broad land. Men, women, and children of all ages and all walks of life are equally enthusiastic about its benefits.

Particularly interesting is the endorsement of Mr. Allen Burrows, 355 East 5th St., E. Liverpool, Ohio, one of E. Liverpool's most popular progressive residents, well known and with a host of friends who know that Mr. Burrows word can be taken as fact. He says: "For the past two years, I have had considerable trouble with indigestion and constipation. Although I had tried many treatments and medicines trying to find relief, nothing seemed to touch the spot until I tried Owa-Ton-Na."

"Laxatives just seemed to make my constipation worse, I hated to be taking laxatives constantly since I knew the result would be that I would have to continue taking them. My stomach frequently gave me no end of distress, gas and bloating spells seemed to follow every meal. Frequently I would have headaches that made me feel miserable and made it hard for me to tend to my work. I also suffered with dizziness and backaches."

trouble and remove it. Within a short time, I could eat a good meal without suffering much afterwards. My bowels started to function normally, dizzy spells and backaches disappeared. Now I can eat almost any thing I want without suffering afterwards. Food digests good and my appetite is fine. My nerves are quieted down, I go to bed at night and get a good night's sleep. Owa-Ton-Na certainly is a fine medicine and the only medicine that ever did me any good."

The Owa-Ton-Na of which Mr. Burrows speaks so highly is being explained daily at Carnahan's Drug Store, 114 E. 6th St., where for a short time, a special laboratory representative is meeting the public. Why not call and learn for yourself today the merits of Owa-Ton-Na, and how best to take it for quickest results. This service is free and incurs no obligation. Owa-Ton-Na is also sold at Carnahan's East End Store and Newell, W. Va. Store—Adv.

SALINEVILLE

DANE WILLIAMS DIES IN NILES

SALINEVILLE, O., July 26.—Dane L. Williams, aged 31, died Tuesday night in his home, Evansville road, near Niles. He was born April 9, 1898, at Raymond, Ohio. Two years ago he married Miss Margaret Russell of Salineville. Beside his widow, he is survived by his father, H. A. Williams of Battle Creek, Mich., and four sisters, Mrs. R. L. Jordan, Paw Creek, Michigan; Mrs. C. A. Darling, Meadville, Pa.; Mrs. J. H. Kendrick, Battle Creek, Mich.; and Mrs. R. A. Balo, Akron, Ohio. The body was brought to the home of the wife's parents Mr.

and Mrs. Richard Russell, Wednesday evening. Funeral services will be held this afternoon, the Rev. Rosa Wilson, pastor of the United Presbyterian church, officiating. Burial will be made in the Woodland cemetery.

Dr. E. P. Nietz Kiwanis Speaker.

The Kiwanis club held its noon luncheon Thursday, in the dining room of the United Presbyterian church. Charles Maple and Cliff Randolph had charge of the program. Dr. E. P. Nietz, of Ironside, was the speaker. His subject was "Roads." Dr. and Mrs. Nietz entertained the club with several vocal solos. The picnic committee reported the annual picnic would be held next Wednesday after-

noon at Westville Lake. An invitation from Bethesda for a club meeting and a seven o'clock dinner Wednesday, August 7th, was accepted, and an effort will be made for all business men and their families to join the Kiwanis club. R. W. George donated the attendance prize and it was awarded to the Rev. R. G. Kevill.

Ladies' Aid Convenes.

The Ladies' Aid society of the Christian church held an all-day meeting Wednesday in the church. A coverdinner was served to fifteen members and two visitors. The president, Mrs. Margaret Duncan, had charge. The afternoon was spent in chatting and quilting.

McBane Funeral Here.

The body of La Clair McBane who died in Birmingham, Alabama, arrived in Salineville Thursday morning.

Funeral services were held Thursday afternoon in the Presbyterian church, the Rev. W. S. Martin, pastor of the church, officiating. Burial was made in the Woodland cemetery.

Salineville Personal.

Mr. and Mrs. Allan Maple and their guests, Mr. and Mrs. Al Lawrence of New York City, were East Liverpool visitors Wednesday. Mrs. Eliza Boring is ill. Mrs. Emma McPherson of the Lisbon-Salineville road is visiting relatives in Cleveland this week. Mr. and Mrs. James Johnson have concluded a short visit in Cleveland. Mr. and Mrs. James Johnson left Thursday morning for Ashtabula, where they will enjoy fishing for a few days. Emerson Calvin, who is employed in Cleveland spent Wednesday with his family here.

Miss Audrey Darrah has concluded a short visit with her sister, Mrs. Byron Foutts at Midland.

John Rice was a Carrollton visitor Wednesday.

Samuel and Elias Silverman of Toronto, were local visitors Wednesday.

John and Charles George were in Niles Wednesday attending the funeral of their uncle, Thomas George. Fred Madi-on was a Carrollton visitor Thursday.

Wilbert Hertel, Salem, spent a few days with relatives here.

Ollie Earl of East Liverpool was a visitor Thursday at the home of Mr. and Mrs. John D. Smith and family.

John Weaver of East Liverpool was a local visitor Thursday.

Miss Ida Madison visited Thursday with her aunt, Mrs. Annie Cassidy, who is seriously ill at the home of her son, Dwight, near Carrollton.

CORDILL GETS BETSY CARGO FOR CINCINNATI

Passengers and Freight
Transferred at City
Wharfboat.

SAVES TWO DAYS

American Barge Line
Chartered Steamer
Dorothy Barrett.

The steamer Betsy Ann transferred a load of freight and passengers bound for Cincinnati, to the Senator Cordill at the wharfboat here today. The Cordill, delayed three days by fog, will be speeded up two days by this transfer.

The Betsy Ann will return to Pittsburgh tonight to prepare for the 4,000 mile voyage August 10 from Pittsburgh to St. Paul and Minneapolis, Minn.

Due to increasing demands of transporting freight by river, the American Barge Line during the week chartered the steamer Dorothy Barrett from the Barrett line of Cincinnati. This steamer will act as a feeder between Louisville and Memphis. The steamer Inland, of the line, which left the Pittsburgh harbor last week with a tow of Pittsburgh products turned her tow over to the steamer W. L. Berry at Huntington and now is on her way to Pittsburgh, where she will arrive Sunday. The boat will leave at once with a tow of nine barges for the lower river, with their ultimate destination at Memphis and New Orleans.

The readings at noon today at Dam No. 8 were 15, 2 feet in the upper pool and 9 feet in the lower pool.

The Transporter passed here yesterday for Pittsburgh with 10 empty barges.

PLANE UPKEEP CHEAP AS AUTO; OPERATING COST 3 CENTS A MILE

By Homer H. Metz.
NEW YORK.—(INS.)—How much does it cost to operate and maintain an airplane?
According to L. J. Pryor of the Curtiss Flying Service, the answer to this all-important aeronautical question is:
"Less than three cents a mile."

Pryor decided upon this estimate following a recent demonstration tour in a Model A-W Cessna monoplane, a fairly representative type of plane. Pryor gave a detailed account of his operating expenses on the tour and his figures are highly interesting.

Subjected to analysis, the figures indicate that, mile for mile, a plane can be operated at a cost which compares favorably with the operating cost of many automobiles. The cost per hour of operation of a plane is higher than the cost per hour of an automobile, but the many more miles covered in an airplane during an hour's flight makes this comparison unfair.

During the demonstration tour, Pryor covered 17,124 miles and visited 50 different cities.

The operating cost per mile included gasoline, oil, storage, service, repairs and all incidentals. The total operating cost for the tour, from which the mile-cost was derived was \$456.61. The plane's total flying time was 174 hours and 6 minutes, making the cost per hour \$2.61. The average speed for the tour was about 98 1-6 miles per hour.

The plane's gasoline and oil consumption figures could be bettered by few, if any, automobiles. The plane averaged 17 miles on one gallon of gasoline, and, except when the oil was changed every 20 or 25 hours, no oil was added. In other words, the oil was changed only after about 2,000 miles of running, which is longer than most automobile manufacturers recommend for their cars.

TAXPAYER SUIT FEE IS \$13,000

Attorney J. A. Cline
Will Collect on Road
Fight.

CLEVELAND, July 26.—(INS.)—Cuyahoga county taxpayers have been asked to pay John A. Cline, attorney, \$13,000 for suing the county, according to a journal entry on file today in the office of County Auditor John A. Zangerle. This is believed to be the largest fee ever asked for a taxpayer's attorney in the history of the county.

The \$13,000 fee is for carrying a taxpayer's suit through the courts to stop the \$1,500,000 Bracksville road paving job, according to the journal entry, which, although it has not been

signed or certified by the clerk of Franklin county courts where the case was heard, has been approved verbally and in all probability will be signed, according to Deputy Auditor C. H. Carran.

Despite the fact that the case was heard in the common pleas court, court of appeals and the Ohio supreme court sitting in Columbus, Cline's fee will have to come from county funds here, according to Carran, who asserted that the suit has already cost the county more than \$100,000, since more than that amount of work was done on the paving job before the supreme court finally sustained the injunction.

The grounds for the taxpayer's action consisted of legal circumstances in connection with the awarding of the contract.

TWO COUNTY HIGHWAY BRIDGE
CONTRACTS TO BE LET THIS YEARState Will Seek Bids for
Cox and Elkton-Lisbon
Road Span Jobs.

LISBON, O., July 26.—Two more concrete bridges will be built in Columbiana county this year by the state highway department. One will take the place of a narrow span on the Cox highway west of Salem and another will replace a one-way bridge on the Elkton-Lisbon road near the plant of the American Vitriol Products Co. Contracts will be awarded next month. The McLain Construction Company of Bellaire, has started work on the California Hollow section of the East Liverpool-Youngstown road. A steam

shovel is straightening the channel of Carpenter run, and this part of the work will be finished within 10 days. This road will be closed to traffic probably within two weeks.

Calcutta Job Under Way.
Lewis & Copeland, of Lima, awarded the contract for the construction of the new Calcutta section of the East Liverpool-East Palestine road has a steam shovel on the job. The shovel is digging into a hillside for earth to make necessary fills.

Grading of the Lisbon-Columbiana road will be finished within the next 10 days, and the state highway department will immediately traffic-blind it. For the latter purpose granulated slag, limestone or gravel will be used. It is estimated that 5,000 tons of slag,

6,500 tons of limestone, or 7,750 tons of gravel will be required. Should granulated slag be specified, the road will be surfaced like the Wellsville-Stuebenville highway through the "Narrows." This project will be surfaced on or before September 15.

Grading Summitville Road.
Approximately 6,500 feet of concrete remains to be poured on the Lisbon-Elkton road, the records showing that between 600 to 800 feet are being poured daily. With favorable weather prevailing, contractors expect to pour the last concrete on or before August 3.

Favorable progress on the grading of the Summitville-Kensington and the Elkton-Signal roads is reported by County Surveyor Lloyd C. Kirk. Grading on the latter job is progressing toward Signal. The Salineville-Kensington road will be given a concrete top next year, joining the Salineville-Summitville road at Summitville. Approximately six miles of concrete will be poured.

Thousands of chauffeurs in the Philippines are protesting against the exaction of 50 centavos for entering the town of Antipolo, required by a new municipal ordinance.

MARY BUFA FACES
MARYSVILLE TRIP

LISBON, O., July 26.—Because the appeal has not been filed, a warrant has been issued in probate court to convey Mary Bufa of Salem to the Marysville reformatory for women in default of the payment of a fine of \$500 and costs pronounced by Judge Lodge Riddle on April 24 on a liquor charge preferred by J. O. Cole, former state prohibition inspector.

After sentence was pronounced, notice of appeal was given, and a bond of \$1,000 was filed. The appeal, however, has not been taken.

Since the bond was filed, the woman has been at liberty.

BURRELL REEDER,
MISS M'CAMON WED

LISBON, O., July 26.—Burrell Reeder, of Lisbon, formerly of Cleveland, and Miss Olive McCamon, daughter of Mr. and Mrs. George McCamon, of Elkton, were married at Lisbon by the Rev. F. C. Lake of the Christian church.

Ralph Davis of Garfield, O., a former resident of Jeannette, Pa., and Miss Mary Sell, daughter of Mr. and Mrs. George W. Sell, of Lisbon, will be married by the Rev. Charles Rothal of Damascus.

Real Estate Transfers.

Real estate transfers have been recorded as follows:

F. R. Pow to Home Savings & Loan company, lot 4 in Ellisons addition, Salem, \$1.

William A. Green and wife to Joseph Mohr and wife, nine lots in Elm Grove allotment, Fairfield township, \$1.

C. Dixon Harris to Louis Bloomberg, lot in Salem, \$200.

Mexico produced more silver in 1928 than in 1927.

New Way to End
Perspiration Odor

Nothing destroys your charm like perspiration odor. You may not even notice any odor, but others do.

Don't risk giving offense. Use Korla Konia—the soothing deodorant. A remarkable new powder discovered by Mennen—producers of the finest shaving creams, talcums and baby powders. It neutralizes perspiration acids and prevents odor. Regular application keeps you free from odor all day and evening.

Korla Konia also absorbs excess perspiration, avoids unsightly moisture, thus preventing injury to garments. Soothes and heals raw, rubbed skin. Stops the burning and itching.

Don't have perspiration odor—the unforgivable social error. Get Korla Konia from druggist today. Use liberally and frequently wherever there is perspiration or raw, rubbed skin. Use on sanitary pad. Apply to feet to keep perspiration from ruining hose.—Adv.

Defeat these warm days with a nice crisp bowl of Kellogg's Corn Flakes and milk for breakfast. Kellogg's furnish energy without "heating" the body. They are so easy to digest they help you keep cool all day long! If you want an extra treat just add some fruit or honey.

Kellogg's Corn Flakes are delicious for lunch and dinner too. So crisp and refreshing. Serve with cool milk or cream. Give them to the children for supper.

Insist on Kellogg's—the original Corn Flakes. Always oven-fresh. Always extra crisp.

Sold by all grocers. Served by hotels, cafeterias—on diners. Made by Kellogg in Battle Creek.

'BLINKY' MORGAN HANGING SEEN BY C. R. STARKEY

Former Prison Guard Recalls Execution Of Slayer.

CALM ON GALLOWS

Refused to Reveal Identity as He Paid Penalty.

"Blinky" Morgan, hanged in the former Congressman McSweeney, of for the alleged murder of Detective Hurligan of the Cleveland police, did not weigh 250 pounds as related in a recent article in Forest City publication, C. R. Starkey, of Bradshaw avenue, a former prison guard, who witnessed the execution, said today.

John McSweeney, grandfather of former Congressman McSweeney, of Wooster, defended Morgan.

Starkey said that Morgan weighed between 150 and 170 pounds.

Feared Morgan Would Escape. Starkey, then a resident of Salineville, was appointed prison guard during the administration of Gov. Joseph Benson Foraker. The then warden of the penitentiary was E. G. Coffin, of Springfield, a former sheriff of Clark county. His deputy warden was W. B. Cherrington, a former sheriff of Jackson county. It was the latter who furnished the rope for all of the hangings that took place in the penitentiary. He took with him the coil of hemp by which he had hanged three murderers in his own county as sheriff. When a law was passed to take all murderers to the penitentiary he loaned this rope.

Starkey was employed for four years as a day guard.

He took his turn guarding Morgan on Sunday. The latter was confined in the annex built for murderers. Because of his reputation for cunning and the fear that he might be rescued, a steel cage within this annex was built for Morgan, Starkey explained.

"Blinky" Was Gentleman. "Blinky" was a gentleman," Starkey said. "He wore glasses as he had lost the use of one eye. He was between 45 and 50 years of age. Detectives from all over the country came

to see him. Blinky would have nothing to do with any of them. I once escorted a New Orleans official into the annex. He looked steadily at Blinky. As we were leaving he said to me: 'I never saw that man before. Instantly I turned to Morgan and said: 'Here is an honest ball. He says he never saw you.' Blinky wheeled about and extended his hand through the bars and grasped the visitor's hand. He seldom talked and never about himself. He was supposed to have come from a reputable family."

Starkey avers that on the night of the Morgan hanging he was assigned to guard the entrance to the institution. All guards were on duty. It was feared a rescue might be attempted.

"My orders were to report in the execution room at midnight. The hanging occurred a few minutes thereafter."

Ordered Detective Banned. "At that time one of the noted detectives of Ohio was the late John T. Norris, of Springfield. He was one of the persons permitted to witness the execution."

"When Morgan had mounted the scaffold he looked down and saw Norris among the spectators."

"Warden, I object to that man being here," Starkey related. "Some of you guards put him out," the warden ordered. "I was near Norris, so I took him by the arm and led him out."

"Then Blinky spoke again: 'Warden, if John T. will behave himself like a gentleman, let him come back. I then permitted him to return with me. Almost instantly the trap was sprung and as Morgan dropped he shouted, 'Goodbye, Nellie.' He referred to a woman acquaintance who the next day claimed his body."

A feature of the hanging was that in some manner one of the hands of the doomed man became loosened as he dropped and he raised it in evident effort to grasp the rope and break the fall, Starkey said.

Morgan Showed No Emotion.

Starkey said that Morgan was at no time taken out of his cage even for exercise so great was the fear that he might escape. He said that "Blinky" was a brilliant conversationalist. But he refused to talk with those with whom he associated and gave no details as to his identity.

Before the execution Morgan, so Starkey was informed, asked Warden Coffin for some liquor. "You do not need any," was the reply. "And he did not," Starkey added. "He seemed the coolest man in the room. He had plenty of nerve."

Starkey declares that he stood about eight feet from the scaffold during the hanging.

In addition to Starkey, two other Salineville men preceded him as guards at the penitentiary. They were Hugh Cameron and O. E. Humphrey.

We Are Proud To Recommend

E-A-CO FLOUR

Our customers who use E-A-CO Flour have thanked us many times for recommending this splendid flour. We attribute this satisfaction to the following:

E-A-CO Flour is milled from the cream of sweet, sound healthy wheat kernels—the kind that nature intended you to have to build bone and muscle. It is uniformly granulated so that each particle of flour has exactly the same proportion of gluten. This insures a high, light, even loaf of bread every time you bake.

And, further, every sack is guaranteed to make more and better bread with a richer, creamier-white color and silky texture or your money is promptly refunded. Phone us today please.

*The ZERO hour has struck for
Knocking Motors..* TIDE WATER ANNOUNCES

TYDOL ETHYL

ZERO KNOCK RATING GASOLINE

You can thank the amazing success of *Hi-test* TYDOL for Tide Water's latest gasoline achievement—the new TYDOL ETHYL with a zero knock rating.

Announced last November, as a high-test, anti-knock, super-power gasoline at no extra cost, *Hi-test* TYDOL literally took motordom by storm.

New TYDOL pumps sprang up like mushrooms. Increased TYDOL demand taxed to the utmost capacity Tide Water's huge refinery facilities. Demonstrating that car owners are quick to recognize a definite improvement in motor fuels.

Now Tide Water engineers have succeeded in combining the proven qualities of *Hi-test* TYDOL with ETHYL, the undisputed leader of anti-knock compounds... resulting in another and still greater super-fuel. A deluxe companion fuel to *Hi-test* TYDOL, with a certified knock rating of zero.

Why pay a 3 cent premium for motor fuels that show a knock rating of 5, 8 and 9. (See table at right.) The Midgely (Bouncing Pin) Indicator, the official gauge for measuring anti-knock quality, shows that the new TYDOL ETHYL has an unvarying and a positive knock rating of zero. Meaning K. O. and good-bye to all knocks in knocking motors.

Bring on your high-speed, high-compression and carbonized motors. Bring on your long, hot stretches of roadway, broiling under the summer sun. Bring on the hills, the mud, the sand.

The new TYDOL ETHYL will breeze you through with the powerful thrust of a flying comet... without a knock in a whole day's journey.

TYDOL ETHYL is a fuel for the car owner who demands the very best... and will take no substitutes. *And why should he?* For this zero knock rating gasoline costs only 3c a gallon more than ordinary gasolines; and often less than the cost of premium gasoline with high knock ratings.

Make a 10 gallon test

The next time you need gasoline drive up to a TYDOL ETHYL pump and try out ten gallons of this modern fuel. It will only cost you 30c more than 10 gallons of ordinary gas.

No more... perhaps less... than you have been paying for other premium gasolines.

But in any event, 30c is a small amount to gamble to prove to yourself just what a zero knock rating gasoline will do in your own car. Tide Water Oil Sales Corporation, 11 Broadway, New York City.

KNOCK RATING OF 6 PROMINENT PREMIUM GASOLINES

These 3 cent premium gasolines were tested on the Midgely (Bouncing Pin) Indicator according to an established standard scale over a period of 6 months, from November, 1928, to May, 1929, with the following results:

	MINIMUM KNOCK RATING	MAXIMUM KNOCK RATING	AVERAGE KNOCK RATING
Fuel A . . .	6 . . .	10 . . .	9
Fuel B . . .	5 . . .	13 . . .	8
Fuel C . . .	0 . . .	5 . . .	2½
Fuel D . . .	3 . . .	7 . . .	6½
Fuel E . . .	3 . . .	5 . . .	4½

TYDOL ETHYL 0 0 0

YOUR TYDOL DEALER NOW OFFERS YOU —

1. The same *Hi-test* TYDOL... *Hi-test* TYDOL will continue to be the leader of non-premium gasolines — unchanged in quality or price.
2. The new TYDOL ETHYL... a deluxe, super fuel with a zero knock rating, at only 3c more a gallon.
3. VEEDOL Motor Oil... Made 100% from Pennsylvania and other paraffine base crudes... the choice of famous aviators.

SNOOK, COED KILLER, KNOWN BY DR. M'GUIGAN

E. Liverpool Veterinarian Met Columbus Man Last Winter.

CAPABLE MAN

Confessed Slayer Presided at Capital City Convention.

At least one East Liverpool man has seen Dr. James H. Snook, the confessed slayer of Miss Theora Hix, Ohio State university coed, who is now on trial on a first degree murder charge at Columbus. He is Dr. W. O. McGuigan, veterinarian, of Dresden avenue.

It so happened that Dr. Snook presided during a session of the Ohio Veterinarians at Columbus last winter. Dr. McGuigan was among those present.

"Dr. Snook, as I remember him, is a short, rather heavy-set man and quite bald, who wore glasses," Dr. McGuigan said today. "He appeared a capable man, one not in the least suggestive as attractive to women."

Dr. McGuigan recalls Dr. Snook as mingling with the persons in attendance at this gathering.

Senator Couzens' School Chum. Discussion about the dilemma in which the former university professor finds himself led to the fact that Dr. McGuigan is Canadian-born and a former school companion of U. S. Senator James Couzens of Michigan. Both were born in Chatham, Ontario, which is midway between London and Windsor. They attended high school in their home town.

Couzens went to Detroit where he became associated with Henry Ford and thus profited with the auto man. He finally sold out to Ford, later was the mayor of Detroit and afterwards was appointed to the senate to succeed Truman H. Newberry.

"I have not seen Senator Couzens in recent years," Dr. McGuigan said. "When I knew him he was an ordinary boy in school. His opportunity came with his association with Henry Ford."

THREE KILLED ON CROSSING

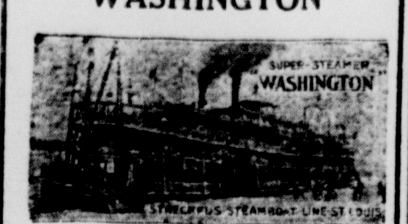

Fourth Member of Auto Party Injured Near Ceylon.

SANDUSKY, O., July 26.—(INS)—Mr. and Mrs. Arthur Lockwood, of Milan, O., and their 19-year-old daughter, Mabel, were dead today and another daughter, Alice, 9, was in a serious condition as the result of an accident late yesterday when the automobile in which they were riding was demolished by a speeding passenger train near Ceylon, O.

Alice was reported in a critical condition at Norwalk hospital where she was rushed after the accident. Her parents and sister were almost instantly killed.
